Editorial Policy

Fuji Electric Reports are important communication tools that are prepared and published for the purpose of facilitating understanding of the Company's corporate activities among its shareholders, investors, and various other stakeholders.

In preparing *Fuji Electric Report 2019*, we sought to foster understanding with regard to Fuji Electric's efforts to create value over the medium-to-long-term. This report thus compiles information on corporate activities aimed at contributing to the realization of a sustainable society through energy and environment businesses. The presentation of this information is framed in the new medium-term management plan announced in June 2019 and incorporates the perspective of contributions to the accomplishment of the United Nations Sustainable Development Goals (SDGs).

Information Disclosure Venues

Fuji Electric Reports include highlights of financial information as well as non-financial information pertaining to social and environmental issues. More detailed financial information can be found in the Company's financial results summaries and securities reports (Japanese only) on its investor relations website. Additional non-financial information is available in the form of detailed explanations of Fuji Electric's social and environmental initiatives on the Company's corporate website.
