Item 2: Election of Ten (10) Directors

Reasons for Proposal

The terms of office of all of nine members of the Board of Directors will expire at the conclusion of this Ordinary General Meeting of Shareholders. We, therefore, propose the election of the following ten members of the Board of Directors (four of them are Outside Directors) due to the following reasons.

The Company is working on the five-year medium-term management plan that ends in fiscal 2023 “Reiwa Prosperity 2023,” which has the targets of achieving 1 trillion yen of net sales and an operating margin of at least 8% and pursues “promotion of growth strategies,” “further improvement of profitability,” and “ongoing reinforcement of operating foundations.”

Six Candidates for Standing Directors (No. 1-6) have been decided on the basis of the skills and experience necessary for the execution of the Company’s management policies.

Candidates for Outside Directors (No. 7-10) have been selected based on a comprehensive evaluation of the candidate’s insight and experience, including management experience in other companies and expertise and international experience in the energy and environmental fields related to the Company’s business, to determine their ability to conduct multifaceted management decisions, as well as of their understanding with regard to Fuji Electric’s management and their independence from the Company described in page 28. This approach has been adopted to facilitate the reinforcement of Fuji Electric’s management supervisory functions and ensure the validity and appropriateness of important management decisions. The Company also decided to increase the number of candidates by one compared to previous years to four, aiming to strengthen the functions of the Board of Directors due to changes in the management environment, etc.

In light of the Company’s management policy of “Contribute to the realization of a sustainable society through its energy and environment businesses” and its business characteristics, the Company has defined the insight and experience necessary for the Board of Directors of the Company as the seven areas of “Business management,” “Finance and accounting,” “Global business,” “Environment and Society,” “R&D, technology, manufacturing, and DX,” “Corporate Governance, legal matters, and risks,” and “Marketing and industry.”

For the areas expected to Director candidates by the Company, please refer to pages 11 to 12.

As mentioned above, we would ask you to approve the election of these ten Directors in order to execute highly transparent management in a prompt manner with the aim of future business growth.

The election of Director candidates was made after the “Nomination and Remuneration Committee,” a discretionary committee whose membership is made up of a majority of Outside Directors who are Independent Officers and whose chairman is an Outside Director who is an Independent Officer, deliberated and reported its findings.

Policy on the Determination of Remuneration for Directors and Audit & Supervisory Board Members

(1) Details of the policy

In accordance with the Board of Directors' resolutions, the Company set the policy on determination of remuneration for the Company's Directors and Audit & Supervisory Board Members as described below.

In paying remuneration etc. to Directors and Audit & Supervisory Board Members of the Company, the Company considers its duty to respond to the mandate of the shareholders, acquire and maintain excellent personnel and provide incentive for improvement in earnings performance, and it has in place a remuneration system with set remuneration levels.

While considering changes in the business environment and data objectively compiled by third parties, the Company continuously examines the suitability of the remuneration system and the remuneration levels and whether there is a need to make changes.

1. Standing Directors

Since Standing Directors are charged with a duty to improve consolidated results for each fiscal year and realize medium- to long-term improvement in corporate value, their remuneration is structured and managed as follows.

(i) Base remuneration

Base remuneration shall be paid as a monthly financial sum determined in advance, applicable to that senior management rank, and at certain time of the month.

A portion of the remuneration of Standing Directors, applicable to that senior management rank, shall be contributed to the Director Shareholding Association to share the economic interests of shareholders and as an incentive to make management aware of share value.

(ii) Performance-related remuneration

Performance-related remuneration shall be paid only in instances in which dividends are paid to shareholders from retained earnings, and at certain time of the year. The total amount of performance-related remuneration shall be within one percent of the consolidated profit for the fiscal year prior to the date of payment in order to make the linkage with consolidated results for each fiscal year more transparent.

Performance-related remuneration was decided by taking into consideration consolidated results (net sales, operating profit, profit, dividends, etc.) for the previous year using, as a basis, provision standards where the ratio of performance-related remuneration increases due to the increase of the consolidated ratio of operating income to net sales, which was set as a key target in the medium-term management plan. In the consolidated ratio of operating income to net sales for results in the fiscal year ended March 31, 2022, of 8.2%, the ratio of performance-related remuneration to remuneration was 53%.

2. Standing Audit & Supervisory Board Members

Remuneration for Standing Audit & Supervisory Board Members shall be paid, at certain time of the month, as base remuneration as a monthly financial sum determined in advance, applicable to their senior management rank, since Standing Audit & Supervisory Board Members are charged with the duty of auditing the execution of duties across the entire Fuji Electric.

Standing Audit & Supervisory Board Members may acquire shares in the Company at their own discretion.

3. Outside Directors and Outside Audit & Supervisory Board Members

Remuneration for Outside Directors and Outside Audit & Supervisory Board Members shall be paid, at certain time of the month, as base remuneration as a monthly financial sum determined in advance, applicable to their senior management rank, since Outside Directors and Outside Audit & Supervisory Board Members are charged with the duty of supervising or auditing the execution of duties across the entire Fuji Electric.

Outside Directors and Outside Audit & Supervisory Board Members may acquire shares in the Company at their own discretion.

The Board of Directors has resolved to delegate the decision on amount of remuneration for each Director to Representative Director Michihiro Kitazawa. The scope of his authority is to reflect evaluations of the performance in direct duties by each Director in line with the resolution passed in the Board of Directors, which is based on report by the Nomination and Remuneration Committee. To ensure this authority be exercised appropriately, the Nomination and Remuneration Committee has decided on a range within which performance-related remuneration shall be determined based on individual evaluation and the delegated authority shall be exercised within said range.

(2) Method for determining the policy
